

Catch-All Email ใช้กำหนดเมื่อมีการส่งอีเมลล์มาภายใต้ Account นี้แล้วไม่พบหรือไม่มีอีเมลล์นั้น ๆ

This e-mail address will catch all improperly addressed mail (i.e. to a user that doesn't exist) to your site. This address may be your defaultusername@yourdomain.com, or any other POP3 account you have created.

Set Catch All E-Mail	
Fail:	<input checked="" type="radio"/> The sender is notified that the address doesn't exist ( <b>recommended</b> )
Ignore:	<input type="radio"/> The email is dropped and completely ignored ( <b>not recommended</b> )
Address:	<input type="radio"/> <input type="text" value="inetxp"/> (or select from <input type="text" value="inetxp - default user"/> ▼)
<input type="button" value="Update"/>
